

NPMO ORDER NO. 005

**GUIDANCE NOTES IN THE PROPER USAGE OF  
ENHANCED DOCUMENT AND TRANSACTION MANAGEMENT SYSTEM (EDTMS)**

**I. RATIONALE**

As the Department prepares for the Department-wide certification for ISO 9001:2015 there are many processes that need to be standardized and improved. The pressure to improve an efficient and effective way of maintaining a high level of Client Satisfaction, one is to go on digitalization. A paper-free office is a work environment in which the use of paper is eliminated or greatly reduced. Automation plays an important role in reducing discretionary practices in records management by translating physical documents into digital copies for paperless transactions. The intent is to streamline processes, reduce misrouted documents, eliminate document storage, among others.

The Administrative Service- Records and Archives Management Division (AS-RAMD) in collaboration with the Information and Communications Technology Management Service (ICTMS) designed a system to enhance the existing Document Tracking System, which we call now as "Enhanced Document and Transaction Management System" (EDTMS). The EDTMS is a system which:

1. Captures documented information;
2. Identifies document category;
3. Established workflow through facilitation of assignment, routing and action on correspondence and
4. Generates summary of reports

With this, the Records Section of Pantawid Pamilyang Pilipino Program will serve as the central depository and shall further ensure a systematic records management system which will have a systematic control of all records and documented information covering the entire records life cycle from the creation or receipt to its document classification, use, filing, retention as per approved Records Disposition Schedule (RDS), storage and until its final disposition by using the EDTMS effectively and efficiently to further improve the program implementation. This Guidance Note will serve as the guide for all Administrative Personnel to use and maximize the EDTMS for monitoring, tracking, and generating reports.

**II. LEGAL BASES**

1. Republic Act No. 9470, otherwise known as the National Archives of the Philippines Act of 2007 and its Implementing Rules and Regulations approved January 24, 2008.
2. Republic Act No. 10173, otherwise known as the Data Privacy Act of 2012.

3. Republic Act No. 11032, otherwise known as the Ease of Doing Business and Efficient Government Service Delivery Act of 2018.

### III. OBJECTIVES

1. Enhance the knowledge of Administrative Personnel and gain flexibility using the EDTMS.
2. Perform the tasks by utilizing the online document transaction and management system.
3. Improve business processes in terms of timeliness and productivity.
4. Strengthen the security and confidentiality of the documented information.
5. Track and maintain a summary of document management processes with details shared among all concerned through email.
6. Minimize the use of office supplies such as coupon bonds, ink/toner, electricity and others.
